

Wheatland Tube
A DIVISION OF ZEKELMAN INDUSTRIES

New Product Bulletin - April 2023

Wheatland SureThread™ is Now Being Certified to ASTM A53 Grade B

Wheatland Tube has started producing SureThread Continuous Furnace Welded – Type F pipe, ½” through 4”, standard (Sch 40) and extra heavy (Sch 80), in accordance with the new ASTM A53 Grade B specification.

- The ASTM Committee has added ASTM A53 Grade B, Type F to the latest edition of the standard – ASTM A53/A53M-22.
- SureThread pipe is produced by the continuous furnace welded (CW) manufacturing process – Type F.
- SureThread pipe is provided Bare, Galvanized or UV coated with our Ultra Z-Coat™ black coating.
- SureThread is suitable for plain-end, pressed, grooved, or threaded applications.

ASTM A53 Grade B properties are the same across all Manufacturing Types.
